## About DreamLine®

At inception, DreamLine chose to take the path less traveled and specialized in large scale production. Our company was founded on the belief that mass personalization of products provides strong value to our clients. We have successfully grown with this belief to over 2500 SKUs making DreamLine the largest off-the-shelf shower door manufacturer.

DreamLine is a global company. This means that we are up-to-date on emerging trends and designs from all over the world. Our designers work with many prestigious global clients, giving us the advantage and knowledge of the marketplace. We take this knowledge and foresight to continuously grow and perfect DreamLine's product lines.

DreamLine's goal is to provide the highest value to our clients. Our company's framework is built to fulfill client's needs quickly with products that offer amazing quality, innovative design at an exceptional value.
